THANK YOU, CarletonU2012 Heritage Architecture students

Jim Mountain

MAIN STREET

Main Street Barry's Bay

Back then, and still today, lumber trucks are a daily sight 😊

WOOD, ROCK and GREENs

Après notre visite à Barry's Bay, nos impressions étaient très claires. Cette petite ville vétuste possède de nombreux atouts, avec un paysage exceptionnel. Tous les éléments naturels sont réunis ici : forêt, lac, reliefs. Il nous est alors apparu logique de réutiliser ces aspects authentiques dans notre projet.

TODAY....

1. Agree on a Look and a Vision – template for Main Street:
 - signage
 - storefronts
 - walkway flooring
 - benches
 - tree boxes and planters
2. Convince Council that this is what we want.
3. Ensure that new businesses, or buildings renovating comply with this new look
4. Fundraise to provide support for existing businesses to upgrade their properties.
5. Inspire others to follow...

Action Plan needs a steering Committee: representatives from...

- Business
- Council
- Parks, Rec & Econ Dev Committee
- Construction
- Horticulture
- Communication
- Fundraising

Alpine ski town of Pucon, Chile during their spring time...Dec 2012

We have stunning entrances

FUTALEUFU
